

## Plumb & Heat Supplies

The domestic arm of the ITV group has a simple ethos, to offer a professional and personal service to you the plumbing and heating engineer from a network of centrally located branches local to you or delivering in your area.

Every branch is staffed by technical and committed people offering not only a quick and efficient service supplying simple tap washers or assisting you with calculating the boiler and radiator requirements for a full heating system, but also on site troubleshooting, specification visits and take offs at your convenience. Every **Plumb & Heat Supplies** branch carries a massive

range of stock including tables X & W copper tube, end feed, compression and solder ring fittings, compact radiators, radiator valves, copper cylinders and boilers compliant to Part L regulations ensuring it is on the shelf when you need it. With the prices guaranteed and a free of charge delivery service **Plumb & Heat Supplies** offers you a customer driven second to none first class quality service.

When you call any **Plumb & Heat Supplies** branch you can be confident that what we say is what we do. Representing so many of the Industries manufacturers allows us to offer you contract support on the larger projects, and being part of the ITV Industrial Tube & Valve group we can also offer commercial and industrial equipment making **PHS** a truly one stop shop and an important supplier to anyone in the trade.

Your Local Branch

## Plumb & Heat Supplies

## Copper & Brassware

Plain, plastic coated and chrome plated copper tube ranging from 8mm to 28mm off the shelf in coils and straight lengths and a massive stock of compression, end feed and solder ring fittings, pipe clips, solders, fluxes and ancillaries available plus a full range of brassware including gate valves, stop-cocks, service valves and ball float valves, lever ball valves, pump valves, auto air vents, bib taps, double and single check valves, scrd fittings, plastic and copper ball floats.

## Pumps & Controls

We stock a vast range of zone valves, thermostats, programmers, time clocks and mid position valves by manufacturers such as Ariston, Altecnic, Danfoss Randall, Honeywell, Invensys Drayton, Pegler and Potterton Baxi plus Grundfos and Pegler domestic circulators and infra red and standard flush controls

## Radiators & Boilers

A competitive source for all your boiler requirements from Baxi, Ideal, Worcester, Thermecon, Halstead, Grant and many others plus compact radiators from 300mm to 700mm high and 300mm long to 2000mm in length and an exhaustive range of heat packs

## Above Ground Plastics

Full and comprehensive range of soil and vent, waste, overflow, traps and guttering plastics in all sizes plus MDPE coils and Poly compression fittings and barrier pipe and the increasingly popular under-floor heating products from all the leading manufacturers.

## Tanks & Cylinders

All our indirect and direct vented cylinders are compliant with the new building regulations part L, sizes from 900 x 400 up to 1500 x 450 off the shelf plus a special bespoke service for cylinders. Also a range of unvented and mains pressure water heaters from Ariston, Heaton, Santon, Oso, Andrews and Telford.

## Water Treatment

We offer a massive range of water treatment products including Aquadial water softeners from stock alongside Liff scale inhibitors and replacement cartridges. Plus a full range of chemicals to protect your heating system from Fernox, Sentinel and Wiseman.

## Tools and Ancillaries

A massive range of tools to suit the heating engineer including soldering and brazing equipment, hand tools for pipe installation, pipe freezing equipment, gas and water testing products, jointing compounds for gas, water, steam, oil and air, silicone compounds, PTFE tape for gas and water, Talon pipe clips, Climatex pipe insulation, Dam Buster, one coat plaster, the list is endless, whatever you need, its on the shelf.

## Chimney & Flue Products

Including a large range of 4" and 5" flexible flue liner packs plus roof slates and cowlings and fixings, all off the shelf. Vitreous enamel flue, single wall stainless flue and twin wall insulated flue systems for oil, gas and solid fuel applications, fire cement, glass fibre rope etc. We also offer a flue liner cutting service where we supply what you need rather than a full pack length, a cost saving solution to your needs.

## Showers & Enclosures

A large range of electric, manual and thermostatic power showers in stock by leading manufacturers like Grohe, Mira, Bristan, Sirus and Galaxy plus replacement shower heads and hoses off the shelf. Shower spares are also available from all the major manufacturers. Plus a comprehensive range of shower enclosures and screens from leading suppliers like Novellini, Roman and Trevi.

## Sanitaryware / Bathroom

An inspiring range of modern and classic suites from Twyfords, Armitage Shanks, Ideal Standard and Shires to suit any discerning user. Doc M packs, cloakroom packs or mix and match your own toilet, cistern, basin, pedestal and bath to suit your requirements. Plus a huge selection of bath, basin taps, bath shower mixers from Bristan. Also available is a large stock of bathroom furniture for that special finish from manufacturers such as Tavistock and Atlanta.
